The Front Porch

Memory Enhancement Program for persons with Early Memory Loss

Early intervention <u>can</u> help. The Front Porch program at the Modern Maturity Center is designed specifically for individuals with Mild Cognitive Impairment, Early Alzheimer's disease, or other memory-related disorders. The first of its kind in Delaware, the Front Porch focuses on engaging and encouraging persons who need social, perceptive and physical stimulation in a warm, welcoming environment.

If you are concerned about memory and life changes and desire opportunity for personal and peer support - this is <u>your</u> program. It is designed to include <u>your</u> input, strengths and abilities. Discover new memory exercises and cueing techniques. Join with affirming and receptive staff and volunteers who will focus on your well-being, comfort and enjoyment
